

Internet Safety Rules

1. I never give out my personal details (real name, phone numbers, address, school name, family names etc)
2. I only message people I know (unless an adult tells me the person is safe.)
3. I only go on the internet when I am allowed.
4. I never meet anyone I have met on the internet without my parents' permission.
5. The language I use in my messages is ALWAYS polite.
6. If I feel uncomfortable with something I see, I will: Tell an adult straight away (or if this is not possible), close the screen and tell an adult as soon as I can and report it using the CEOP button.
7. I do not have to reply to messages.
8. I do not have to comment on other people's messages and photos.
9. I know that my messages will be seen by parents, strangers and school staff.
10. I use privacy settings and turn location services off so that strangers cannot see where I am.
