

Collingwood Primary School

EYFS Induction questionnaire results

2019.

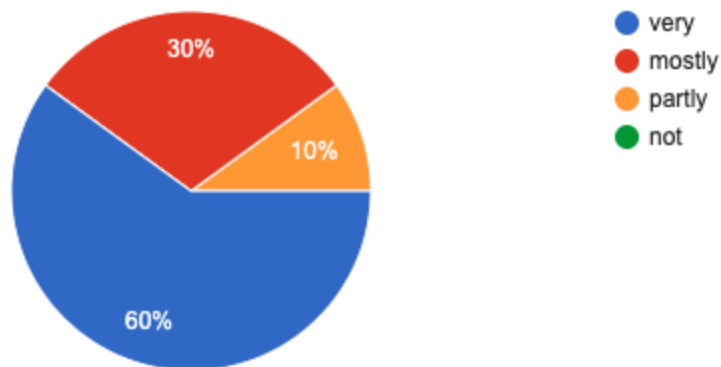

29 children started in EYFS in September
10 of these children's parent replied to the questionnaire.

Parents comments from the questionnaire;

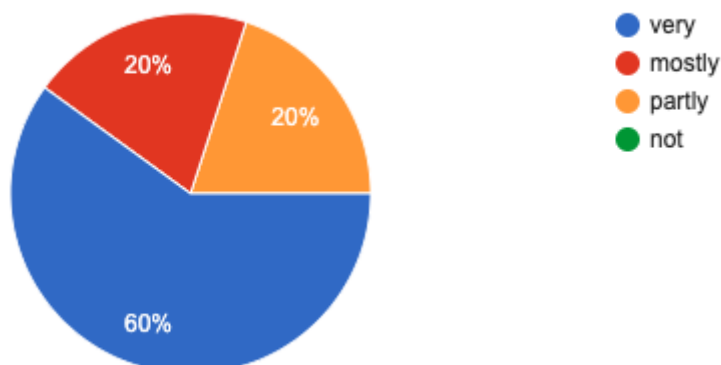

"We chose Collingwood because it was the only school our boy felt confident and comfortable when looking around. It doesn't feel too big or too busy. Thank you for making school fun for our boy. We worried for months before that he wouldn't like it and he loves every day so far."

"Love the school's ethos and just got a good vibe from the school visit. I love that the outside play areas are more nature based and less "concrete jungle"."

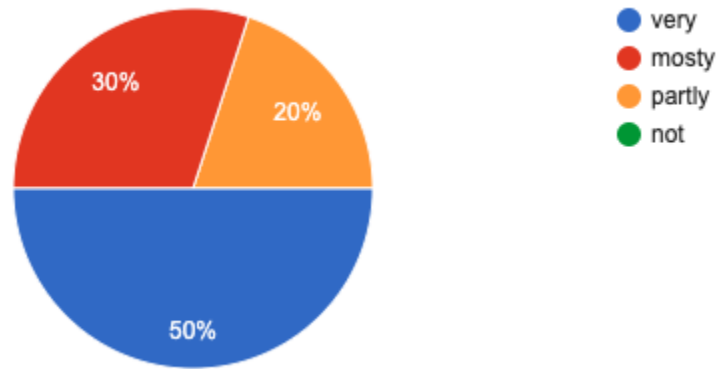

1) How positive were the first few days at school for your child?

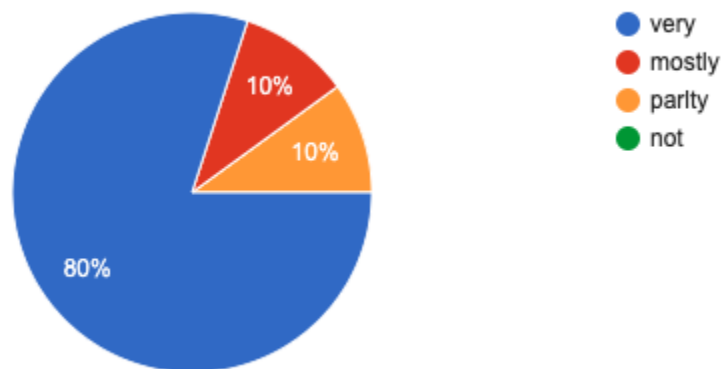

2) How much did the induction process help your child prepare for starting school?

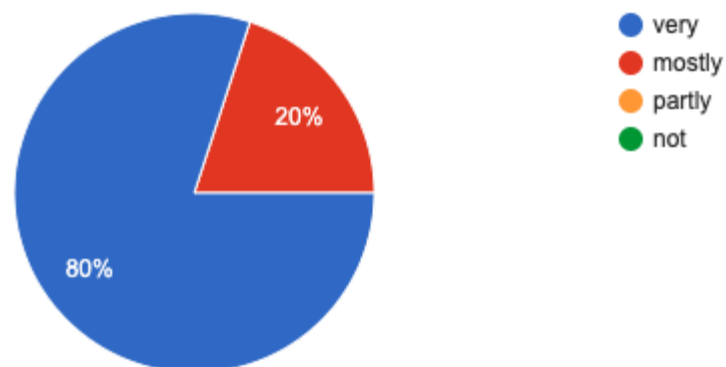

3) How informative was the parents meeting during the induction process?

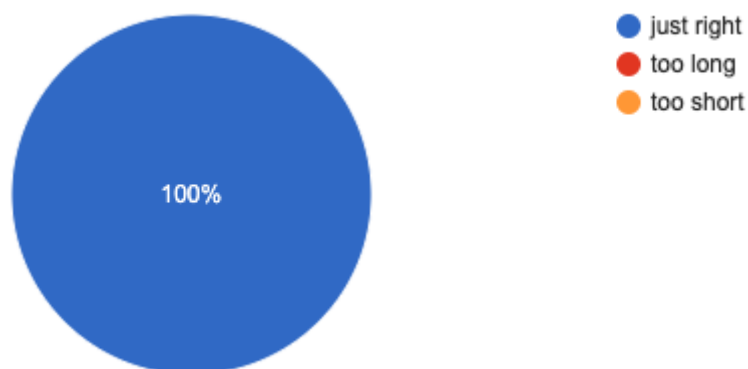

4) How useful was the pack given out at the parents meeting?

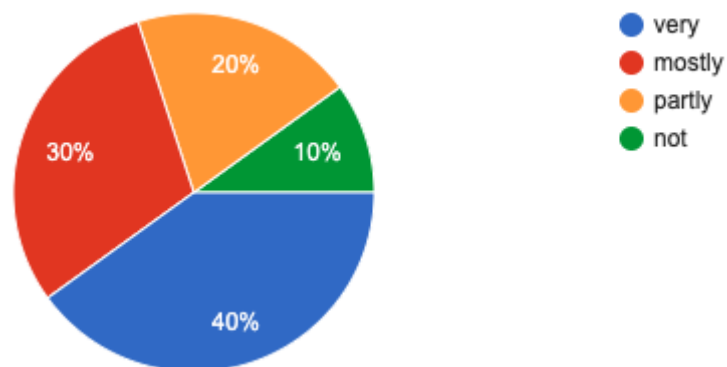

5) How much did your child enjoy the induction sessions?

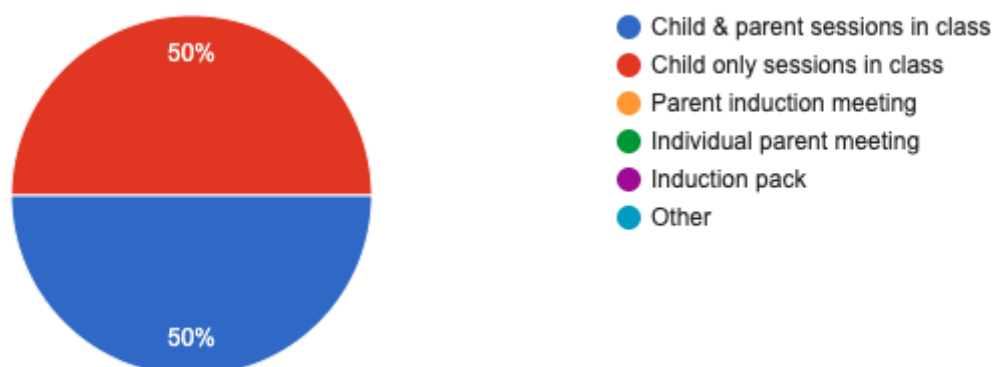

6) How was the length of the induction period?

7) How useful was the individual parent interview?

8) What was the most useful aspect of the induction process?

9) How could the induction process be improved?
